RELATED EXPERIENCE/SKILLS

My real world experience as a clinic manager, laser technician, sales manager, and property manager have taught me a wide range of problem solving skill and people skills. Running a Barony requires accurate reporting systems and consistent engagement to ensure that plans come to fruition. My experience has taught me many facets of delegation and supervision, along with building strong work habits. Paired with my training as an actor and musician, these skills have served me well in the Barony and the Kingdom.

As Kingdom and Baronial Herald, I made use of these skills and habits to ensure consistent reporting and to ensure that all announcements rang clear. I also used these people skills to create, from scratch, an initiative to engage various Peers of the

Realm in dialogue about race, gender, and inclusion, which became the seed from which the public, Kingdom-wide, live-streamed interviews with the Peers grew from.

OBJECTIVES

To encourage the Barony to grow in new directions, bringing in new members and engaging them in the many layers of participation in The Dream. To promote and cultivate a culture of respect and appreciation for the diversity of our Barony, the diversity present in history, and to create a safe and engaging environment for people to explore and express themselves.
